If you are upgrading to disc brakes, we have the valve you need. We carry valves for all disc/drum or disc/disc applications for both cars and trucks.

Inline Tube's disc brake conversions upgrade your drum brake car to discs. You have been pushing on a brake pedal that feels like a brick too long, upgrade today.

Inline Tube Exclusive Ready to bolt on rear drum brakes for your concourse restoration.

Inline Tube has made more brake and fuel lines for concourse restorations than any other company. We have the pictures to prove it.

Our employees are car guys working on projects just like you - our customers. We know you want the parts to fit right the first time, and they do.

Inline Tube carries hundreds of hoses and now we have made all the frame brackets for the popular cars.

If you are in the Motor City be sure to stop and visit the Inline Tube showroom where we have all our latest products on display.

Stainless Flex Hoses Page 216

When ordering **Stainless Steel Cables** Please place a "S" in front of the part number.

CHE7809	Choke Tubes 350 cid, 4bbl	\$25.00	\$20.00

Quick Tip: Fluid

DOT 3 originally came in the brake system. This fluid can destroy your paint and collects moisture which over time reduces performance. Under extreme braking conditions (constant drag racing) or excessive braking, Dot 3 will out perform DOT 5 (silicone fluid). DOT 5 is an excellent choice for museum cars since it will not collect moisture and does not harm paint. Never mix DOT 5 & DOT 3 fluids.

Inline Tube does a ton of homework to research the parts we make. Every part we make is verified off an original car.

DS = driver side routing, PS = passenger side routing
