PFE7102	1971 4bbl 400 cid Pump to Carb	\$25.00	\$20.00

Quick Tip: Fluid

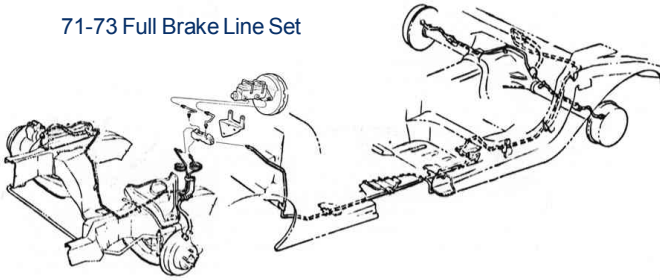

DOT 3 originally came in the brake system. This fluid can destroy your paint and collects moisture which over time reduces performance. Under extreme braking conditions (constant drag racing) or excessive braking, Dot 3 will out perform DOT 5 (silicone fluid). DOT 5 is an excellent choice for museum cars since it will not collect moisture and does not harm paint. Never mix DOT 5 & DOT 3 fluids.

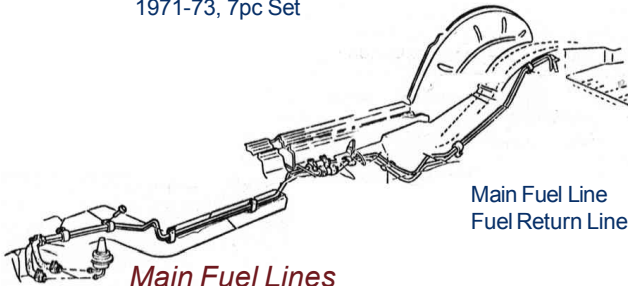

Clip Sets are Available for
