## Inline Tube Exclusive

For years Inline Tube has been manufacturing stainless pre-formed brake and fuel lines, and is proud to introduce its newest product: **Stainless Steel Parking Brake Cables**. Inline tube is the only company in existence reproducing stainless parking brake cables..

These exclusive cables are available in aircraft quality stainless steel or authentic original steel. The entire assemble from end to end is fabricated in only the highest quality stainless materials. All cable, bulk heads, spring wrap, wire stops, rubber parts are identical to the original OEM Specifications.

Countless hours and immense research has been spent to ensure that our product is 100% authentic in appearance, application and fit. To ensure the high quality of our product, Inline Tube manufactures all of its own products.

We are located in the heart of the motor city, where an automobile is not just transportation, but a way of life.

**All lines are preformed with the fittings on the ends and correct armor spring protectant.**
