CCE8006	Power Steering Return Line	\$25.00	\$18.00

Quick Tip: Fluid

DOT 3 originally came in the brake system. This fluid can destroy your paint and collects moisture which over time reduces performance. Under extreme braking conditions (constant drag racing) or excessive braking, Dot 3 will not perform DOT 5 (silicone fluid). DOT 5 is an excellent choice for museum cars since it will not collect moisture and does not harm paint. Never mix DOT 5 & DOT 3 fluids.

1971-81 Proportioning Valve
