When ordering **Stainless Steel Lines**
Please place a "S" in front of the part number.

Inline Tube carries all the brake parts to restore your classic. Why rebuild that old booster when you can buy a show quality booster for less.

Lines come preformed with the factory fittings and spring wrap exact to the factory originals.

Inline Tube is on the Internet. See our online catalog: www.InlineTube.com

Inline Tube stocks hundreds of OEM flex hoses.

Inline Tube carries all the brake parts to restore your classic or upgrade your car to disc brakes. From lines to conversions we do it all.

Inline Tube has been featured in hundreds of magazines over the years and has provided parts for all the top show cars you find on the pages.

We are always scanning brake, fuel and transmission lines. If you do not see your application call.

All Inline tubes are available in premium grade stainless steel, or authentic original steel.
